## **Verizon Closes Agency at Polar Communications**

PARK RIVER – June 1, 2013 - Polar Communications announced today that Verizon Wireless will be terminating their agency agreement with the company effective July 1, 2013. Polar has been an agent for Verizon for more than 20 years, filling the void for local service with the nationwide wireless provider. Polar will continue to sell cellular phones and accessory inventory through June 30, 2013.

“We have appreciated our business relationship with Verizon. We will continue to serve Verizon Wireless through our network and bring services to their towers in our coverage area,” said David Dunning, Polar General Manager & CEO.

Existing Verizon customers will not be affected by this change. Customers looking for Verizon information may go to [www.verizonwireless.com](http://www.verizonwireless.com) or call 1-800-922-0204.
