

toll control

Toll Control allows you to control any toll calls that are made from your service. It is an ideal feature for anyone who has a family and does not want their children to make toll calls. If you have many visitors to your home, you can be assured that toll calls will not be made if you have Toll Control.

To Use

1. Dial the long distance number you would like to call.
2. You will hear the recording "We're sorry the call is not permitted, please hang up."
3. Any time during the announcement or immediately after, dial your 4-digit PIN code.
4. The call should now go through.

The logo for Polar, featuring the word "polar" in a dark teal, lowercase, sans-serif font. The letter "o" is stylized with a green-to-teal gradient and a white circular cutout in the center.
